Subject: RE: Rockwell v. Wago: Discovery

Hi, Lisa. Following up on my letter to you of this date, we have determined that some of the non-source code documentation materials of which that Paul Tanck requested copies after his April 19 inspection of source code was not provided in a searchable format. That is because those materials were not searchable in the form on which they were provided on the source code hard drive, and we produced them in the form in which they were present on the hard drive.

Best regards,
-- Bob
